PURPOSE OF POSITION:

Carroll EMC's work-study program offers career development opportunities through paid work experience and unpaid internships for select, high-potential high school and college students. This program complements the studies of students with an academic focus and career interests related to the electric utility industry and cooperative businesses.

The Member Services Undergraduate Student Employee provides essential support to the Member Services team by assisting with daily transaction processing, drive-thru and front counter service, and end-of-day reconciliation. This role ensures the accurate handling of Member payments, cash drawer balancing, and deposit preparation while maintaining high standards of accuracy and confidentiality. The student employee also supports administrative tasks such as scanning, mailing correspondence, processing returned and incoming mail. This position plays a key role in enhancing Member Service efficiency and contributing to the overall operations of the department.

MINIMUM JOB SPECIFICATIONS:

The following requirements are subject to possible modification to reasonably accommodate individuals with disabilities. Some requirements may exclude individuals who pose a direct threat or significant risk to the health and safety of themselves or other employees.
